pear blanc

SPARKLING **PEAR & SAUVIGNON BLANC**
LAKE COUNTY

We sourced fresh Bartlett pears from Lake County—the county is known far and wide as growers of the finest pears on the West Coast. It also happens to be the place known for distinct volcanic style Sauvignon Blanc. And when we put the two kids next door together, well, it was just meant to be. With just a touch of spritz to add to the magic, and no residual sugar.

A natural love story for the ages.
