ADVENTURES

Vineyard by Horseback

NAPA, CA

Ever had a dream where you're riding a horse through a sea of fog that blankets endless rows of vines that grew the same fruit that you'll soon be sipping, all while taking in the fresh breeze and picturesque views of the San Pablo Bay? We've teamed up with Sonoma Valley Trail Rides to bring this magical experience to life. Guests will enjoy a guided ride by horseback through Poseidon Vineyard in Carneros where you'll learn about grapes, winemaking, and of course horses, followed by a flight of select wines from the very vines you've just set eyes on.
