## Oyster Harvest

**HOG ISLAND OYSTER COMPANY**  
MARSHALL, CA

Hog Island and Obsidian Wine Co. are partners in protecting our rivers, bays, and oceans as we know how critical clean water is to our products, our ecosystems, and our children.

Join us out at the "Farm" in Marshall, CA at the edge of Tomales Bay as we take a deep dive into our shared work with Hog Island Oyster Company. We will show you the culture of each craft as we explore the boundaries where nature and humans intersect and how we can make those places more sustainable for each.
